do you have access to the white house, the cia, the heads of fortune 100 companies
learns that his invention survived and is now combining food and animals to create "foodimals"
i also find it weird that all of the proper studies, that are done correctly are showing that pot has only positive effects
when those didn’t work, i tried home remedies, such as lemon juice, apple cider vinegar, and baking soda
house of representatives are working to prevent their ranks from fracturing over the strategy of threatening a government shutdown to gut president barack obama’s signature healthcare law.
